

## **Software Licence and Copyright**

## SOFTWARE LICENCE AGREEMENT

### IMPORTANT - PLEASE READ THIS CAREFULLY:

By using the software in your Amino STB (“Product”), you (“You”) agree to be bound by the terms of this Software Licence Agreement (“Agreement”). If you do not agree to be bound by the terms of this Agreement, you must immediately cease all use of the Product and return the Product and all accessories, in the original packaging to your service provider, or the supplier from which you obtained the Product.

### Licence Grant; Restrictions

Subject to the terms of this agreement, Amino Communications Ltd and its affiliates (collectively “Amino”) grants you a non-exclusive, non-transferable licence, without the right to sub-licence, to use the software included with the Product or subsequently provided to you, and its associated documentation solely for your non-Commercial use and solely in connection with your use of the Product. You acknowledge and agree that Amino and your service provider may periodically update, modify or enhance the Product software. You agree that; a) you will not attempt to modify, enhance, disassemble, decompile, reverse engineer or otherwise attempt to gain access to the source code to the software; and b) you will not attempt to remove or unbundle the software from the Product. Any resale or transfer of the Product by you will be subject to the terms and conditions of this agreement.

### Recorded Materials

The product is intended for the reception of TV picture and sound signals (“Materials”) for personal use in conformance with applicable laws, licence agreements or service agreements under which you have obtained access to such Materials. Any other use is expressly prohibited. It is your responsibility to comply with, and you agree to be bound by, all such applicable laws and agreements. Unauthorized recording of copyrighted material, or providing copies of such material to others, may infringe the rights of copyright owners and may also be a criminal offence in some jurisdictions. Prior permission from the copyright owners may be required for certain public performances and certain commercial uses. You agree to indemnify and hold harmless Amino and its Licensors against any breach by You of applicable copyright restrictions in connection with your use of the Product. Your service provider can advise you on the legitimate use of the Product.

### Ownership

Amino and its licensors own and retain all proprietary rights, including all patent, copyright, trade secret, trademark and other intellectual property rights in and to the software and to any enhancements or modifications to the software which may be provided to you. You acknowledge that the licence granted under this agreement does not provide you with title or ownership to the software but only to a right of limited use under the terms and conditions of this agreement.

### Software Warranties

To the maximum extent permitted by applicable law, Amino makes no representations and disclaims any and all warranties, express or implied with respect to the software, including, without limitation, any implied warranty of merchantability, fitness for purpose, noninfringement of third party rights and those arising from a course of dealing or usage of trade. No representation is made or warranty is given that use of the software will be defect free or error free or uninterrupted, that any defects or errors will be corrected or that the functionality of the software will meet your requirements.

### Limitation of Liability

To the maximum extent permitted by applicable law, Amino, its suppliers and licensors will not be liable for loss of profits, business interruption, loss of information or data, or other pecuniary loss, or for any consequential, indirect, incidental, special, punitive or other damages whatsoever arising out of this agreement or the use or inability to use the software, even if Amino or its suppliers or licensors have been advised of the possibility of such damages.

### Termination

This agreement and the licences granted hereunder shall immediately terminate if you fail to comply with the licence limitations described in this agreement. No notice will be required from Amino to effect such termination. On termination of this agreement you must return all hardware, software and product documentation and accessories to the service provider, or the supplier from which you obtained the Product.

### Export Controls

You acknowledge and agree that none of the software or underlying information or technology may be downloaded or otherwise exported or re-exported: a) into (or to a national or resident of) Angola,

Cuba, Iran, Iraq, Libya, North Korea, Sudan, Syria, or any other country to which the US has embargoed goods; or any one on the US Treasury Department’s list of Specially Designated Nationals or the US Commerce Department’s Table of Denial Orders. By using the software, you represent and warrant that you are not a resident or national of any such country or on any such list.

### US Government Users

This software is a commercial product and is provided with restricted rights. Use, reproduction, release, modification or disclosure of the software or any part thereof including technical data is restricted in accordance with Federal Acquisition Regulation (FAR) 21.212 for civilian agencies and Defense Federal Acquisition (DFARS) 227.7202 for military agencies.

### Miscellaneous

If any of the provisions of this agreement are held to be invalid under any applicable statute or rule of law, they are, to that extent, deemed omitted. Any delay by Amino in exercising any of its rights shall not constitute a waiver of any such right. This agreement constitutes the complete and exclusive agreement between you and Amino with respect of the subject matter hereof and supersedes all prior oral or written understandings, communications or agreements. This agreement may not be modified except in writing by a duly authorized representative of Amino. All headings are for convenience and shall no effect on interpretation of this Agreement.

### Software Updates

This product is designed to evolve and as a consequence, it benefits from software updates provided and installed automatically by your service provider. Amino Communications Ltd. and your Service Provider reserve the right to automatically update the software on the product in order to improve the product functionality. During software updates, the product cannot be used and must not be switched off until the software update is complete. The first time it is powered, it is possible that the product will immediately start updating itself with the latest operating software. While the software is updating it is important that the product is not switched off. The software update will be complete after a few minutes and you will then be ready to enjoy the full benefits of your new digital TV service.

## COPYRIGHT NOTICE

© Amino Communications Ltd. All rights reserved. Amino, AmiNET and Entone are trademarks of the Amino group of companies. All other product or brand names as they appear are trademarks or registered trademarks of their respective holders.

This document contains proprietary information of Amino Communications Ltd and its affiliates ("Amino"). No part of this document may be copied, reproduced, transmitted, distributed, transcribed, stored in a retrieval system, modified or translated into any other language or computer language, or sublicensed in any form or by any means - electronic, mechanical, magnetic, optical, chemical, manual or otherwise – without the prior written consent of Amino.

### Disclaimer

Amino shall not be liable for any errors contained herein nor for any damages arising out of or related to this document or the information contained within it, even if the Company has been advised of the possibility of such damages. This document is intended for informational and instructional purposes only. The Company reserves the right to make changes to the specifications and other information contained in this document without prior notification.

### Warranty

A warranty for your product is offered through your service provider, or the supplier from which you obtained it. In the case of your product requiring servicing, please contact your service provider directly.

### Trademarks and Licensing

The following notices are applicable where the relevant feature is delivered as part of the product software or as part of any upgrade. Not all features are available in all software or product versions. Neither Amino nor your service provider shall be in breach of any warranty if any feature referred to in these notices is not present or enabled.

### Products incorporating Dolby™ technology

Manufactured under licence from Dolby Laboratories. "Dolby" and the "double-D" symbol are trademarks of Dolby Laboratories. This product contains one or more programs protected under international and U.S. copyright laws as unpublished works. They are confidential and proprietary to Dolby Laboratories. Their reproduction or disclosure, in whole or in part, or the production of a derivative work therefrom without the express permission of Dolby

Laboratories is prohibited. Copyright 2013-2014 by Dolby Laboratories. All rights reserved.

### Products incorporating HDMI™ technology

The terms "HDMI" and "High-Definition Multimedia Interface", and the HDMI logo are trademarks or registered trademarks of HDMI Licensing, LLC in the United States and other countries.

### Products incorporating Analogue Copy Protection technology of Rovi Corporation

This product incorporates copyright protection technology that is protected by U.S. patents and other intellectual property rights. Use of this copyright protection technology must be authorised by Rovi Corporation, and is intended for home and other limited viewing uses only unless otherwise authorised by Rovi Corporation. Reverse engineering or disassembly is prohibited.

### Products incorporating Monotype™ fonts and the iType™ font engine

Contains iType™ from Agfa Monotype Corporation. "Monotype", "iType" and "Albany," are trademarks of Monotype Corporation.

### Products incorporating AVC processing capability

This product is licenced under the AVC Patent Portfolio Licence for the personal and non-commercial use of a consumer to (i) encode video in compliance with the AVC standard ("AVC Video") and/or (ii) decode AVC Video that was encoded by a consumer engaged in a personal and non-commercial activity and/or was obtained from a video provider licenced to provide AVC Video. No licence is granted or shall be implied for any other use. Additional information including that relating to promotional, internal and commercial uses and licensing may be obtained from MPEG LA, LLC. See <http://www.mpegla.com>.

### Products incorporating MP3 decoding capability

MPEG Layer-3 audio coding technology licenced from Fraunhofer IIS and Thomson.

### Products incorporating MPEG Audio layer I & II decoding capability

This product is licenced for private non-professional use by consumers in conjunction with licenced content. No licence is granted or shall be implied for any other use.

### Products incorporating MPEG-4 Visual decoding capability

This product is licenced under the MPEG-4 Visual Patent Portfolio Licence for the personal and non-commercial use of a consumer for decoding MPEG-4 video that was encoded by a consumer engaged in a personal and non-commercial activity and/or was obtained from a video provider licenced by MPEG LA to provide MPEG-4 video. No licence is granted or shall be implied for any other use. Additional information including that relating to promotional, internal and commercial uses and licensing may be obtained from MPEG LA, LLC. See <http://www.mpegla.com>.

### Products incorporating the Opera™ internet browser from Opera Software AS

"Opera", "Opera Software", and the Opera logo are trademarks of Opera Software AS.

### Products incorporating Microsoft PlayReady™ capability

This product is protected by certain intellectual property rights of Microsoft. Use or distribution of such technology outside of this product is prohibited without the appropriate licence(s) from Microsoft. Content owners use Microsoft PlayReady™ content access technology to protect their intellectual property, including copyrighted content. This device uses PlayReady technology to access PlayReady protected content and/or WMDRM-protected content. If the device fails to properly enforce restrictions on content usage, content owners may require Microsoft to revoke the device's ability to consume PlayReady-protected content. Revocation should not affect unprotected content or content protected by other content access technologies. Content owners may require you to upgrade PlayReady to access their content. If you decline an upgrade, you will not be able to access content that requires the upgrade.

### Products incorporating Microsoft WMA and/or WMV decoding capability

This product is protected by certain intellectual property rights of Microsoft. Use or distribution of such technology outside of this product is prohibited without a licence from Microsoft.

## **Federal Communications Commission (FCC) Statement:**

You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1) this device may not cause harmful interference, and
- 2) this device must accept any interference received, including interference that may cause undesired operation of the device.

### RF exposure warning statement

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 centimetres between the radiator and your body.

For further information about regulatory conformance, contact [info@aminocom.com](mailto:info@aminocom.com).
